About Us.

JEBAL AL TAFANI ELECTROMECHANICAL LLC is a professional and turnkey MEP Contracting Company in Dubai offering services that include Fit out, Mechanical, Electrical, Plumbing, Fire Fighting, and Specialized Systems to all over the United Arab Emirates. Our company focuses on offering tailor-made services that help you achieve your goals without delay.

Our Services are a perfect blend of cost-effectiveness and top-notch quality at par with industry standards. Time-bound MEP Engineering is perfectly matched with our state-of-the-art infrastructure. Our Project Management team is proficiently managed by trained, experienced, and skilled Project Manager, who assumes sole responsibility for the satisfactory completion of the project. We believe in working closely with our clients to make sure every detail of the project is taken care of.

Our Goal is customer satisfaction. Our services are result oriented and process driven. We strive constantly to upgrade our technology to be on par with modernity and provide our clients with the best solutions. Our long-term business association with our clients is a direct result of our customer-friendly MEP Services combined with efficient project management and wide range of flexible options.

Our Vision

To become one of the leading and reliable MEP contracting company in UAE and worldwide with utmost quality and satisfaction.

Quality & Commitment

At JAT, we are committed to consistently meeting our customers' expectations in service, delivery, installation, and product performance. We promote continuous improvement of customer satisfaction by maintaining and reviewing a compliant Quality Management System.

Management Commitment

At JAT, the management is the driving force behind establishing, implementing, maintaining, and improving the Quality Management System. We understand and appreciate that – what people do, and how this affects customers cannot be effectively managed without a clear commitment from the management.

Our Project Approach
